## Purpose

The Mortality and Morbidity (M&M) Committee is constituted to **systematically review deaths and adverse clinical outcomes** with the objective of **improving patient care, clinical governance, and educational standards**.

- Analyse mortality and morbidity cases to identify preventable factors
- Improve clinical practices, protocols, and patient safety
- Promote a culture of accountability, learning, and continuous quality improvement
- Enhance undergraduate and postgraduate medical education
- Ensure compliance with **National Medical Commission (NMC)** standards and hospital quality norms.

## 2. Scope

The M&M Committee shall review and address matters related to:

### 2.1 Clinical Review

- All in-hospital deaths (including emergency, ward, ICU, and peri-operative deaths)
- Selected morbidity cases with significant complications or adverse outcomes
- Unexpected, preventable, or sentinel events
- Deaths within a 15 days after admission or procedure.

### 2.2 Academic and Educational Scope

- Teaching and learning through case-based discussions
- Evaluation of clinical decision-making and adherence to standard treatment guidelines
- Identification of gaps in clinical knowledge or skills among trainees
- Incorporation of findings into academic curricula and training programmes

### 2.3 Quality Assurance and Patient Safety

- Identification of system-level issues affecting patient outcomes
