3. Functioning of the Committee: Shall meet every month on 4th Friday. If the day is holiday, the meeting shall be scheduled the next available duty day.

3.1 Surveillance and Monitoring

- Continuous surveillance of HAIs (CLABSI, CAUTI, VAP, SSI, etc.)
- Monitoring antimicrobial resistance patterns
- Collection, analysis, and interpretation of infection data

3.2 Policy and Protocol Development

- Formulation and periodic revision of infection control policies and SOPs
- Standardization of cleaning, disinfection, and sterilization procedures
- Development of outbreak management and isolation protocols

3.3 Training and Awareness

- Regular training programs for healthcare workers and students
- Hand hygiene audits and feedback
- Display of infection control guidelines and signage

3.4 Audit and Compliance

- Conduct of regular infection control audits
- Monitoring compliance with hand hygiene, PPE, and waste management
- Identification of gaps and implementation of corrective actions

3.5 Outbreak Management

- Early detection and investigation of infection outbreaks
- Implementation of containment and control measures
- Coordination with microbiology and hospital administration

4. Reports and Documentation

The HICC shall maintain and submit the following reports:

- Monthly and quarterly HAI surveillance reports
- Hand hygiene and infection control audit reports
- Outbreak investigation and action taken reports
- Annual infection control report to hospital administration
- Compliance reports for NMC, NABH, and other regulatory bodies
